Underwater Cable

Waterproof Power, Signal & Coaxial Cables for Marine & ROV

MarineConn underwater cables provide waterproof power transmission, signal control and coaxial video links for marine engineering, ocean exploration and ROV / AUV systems. The range covers flat 3-pin connector cables, custom coaxial CCTV cables, multi-core PVC-insulated copper cables, IP68 splitters and durable POM material marine cables for demanding subsea use.

Key Features

- IP68 waterproof power and signal cables
- 240 UF custom coaxial cables for CCTV cameras
- Multi-core PVC-insulated copper conductors
- IP68 underwater cable splitters for ROV / AUV
- Durable POM material marine cable construction

Series Overview

Flat Connector Cable	3-pin male/female underwater flat cable
Coaxial Series	Custom waterproof coaxial CCTV marine cable
Power & Multi-Core	PVC-insulated copper cables for ocean engineering
Splitters & POM	IP68 ROV/AUV splitters, POM marine cable

1 Durable Flat Cable for Underwater 3-Pin Male/Female Use

2 240 UF Custom Waterproof Coaxial Marine Cable for CCTV Camera

3 Custom Waterproof Power Cable for Ocean Engineering

4 IP68 Underwater Cable Splitter for ROV/AUV

5 Multi-Core PVC-Insulated Copper Conductor Cable

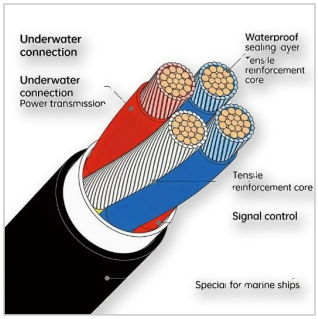

6 Marine Cable for ROVs, Durable POM Material

Specifications & Ordering

Configuration	Flat, coaxial, multi-core and splitter cables
Ingress Protection	IP68 rated waterproof construction
Conductor	Copper conductors with PVC insulation
Structure	Waterproof sealing layer, tensile reinforcement core
Connector Options	Molded 3-pin male / female connectors
Applications	ROV/AUV, CCTV, ocean engineering, marine ships
Function	Power transmission, signal control, video link
Customization	OEM / ODM lengths, cores and jackets on request

About MarineConn

MarineConn is a manufacturer of subsea connectors, underwater electrical connectors and waterproof connector solutions, specializing in watertight connectors, cameras, sealed housing and customized connectors for all types of underwater products. We focus on product manufacturing to build a strong brand and support OEM / ODM customization for global marine engineering customers.
